About This Game

The Battle of Polytopia is a unique turn based strategy game about ruling the world, fighting evil AI tribes (or other players), discovering new lands and mastering new technologies. You take on the role of the ruler of a Tribe, starting with one advantage over the other tribes, and attempts to build a civilization in competition with the other tribes.

Wander in the dark cold forests of Barduria, explore the steamy Kickoo jungles or claim the lush field of the Imperius empire.

Each match takes around 30 minutes to complete while still providing a deeply strategic and challenging gameplay. It is intended to be a bite sized alternative to other time consuming 4x strategy games.

The Battle of Polytopia is a successful indie title enjoyed by millions of fans on mobile and tablets.
